

2nd semester 2023-2024

Course	Study year	ECTS	Hours	
Pathological Anatomy	3	2	19h	
Pharmacology	3	2	18h	
Public health & critical lecture of medical articles	3	3	32h	
Ophthalmology	3	2	12h	
Maxillofacial	3	2	12h	
Otorhinolaryngology	3	2	12h	
Neurology	3	3	24h	
Hepatic-Gastroenterology	3	3	24h	
Cardiology	3	3	18h	
Pulmonology	3	3	18h	
Dermatology	3	2	12h	
Pain relief-Paliative care	4	2	10h	
Genetics applied to Medicine	4	2	12h	
Endocrinology and Nutrition	4	4	28h	
General medicine	4	2	10h	
Emergency Medicine - Intensive care and Anesthesiology	4	5	27h	
Rheumatology	4	4	21h	
Orthopaedics	4	3	13h30	
Gynaecology-Obstetrics	4	5	35h	
Urology	4	3	16h	
Nephrology	4	4	18h	

UE Libres			
le choix sera à faire en janvier 2024 selon les places disponibles / choice to be made in January 2024 according to the available places			
Cancer of the digestive system: diagnostic in anatomical pathology & targeted therapy	2		
Architecture & hospitals	2		
Scientific controversies over autism	2		
Hot pepper & cannabis	2		
Transgender	2		
Medical English - beginner level	2		
Hypnotic communication in the physician's work	2		
Electroencephalogram: practical aspects, innovation	2		
Childhood and cancer	2		
Classifying national exam in Louvre museum)	2		
Artificial intelligence in Medicine	2		
Medical complaints: causes, analysis, prevention	2		
Disaster Medicine	2		
Behavioral sciences	2		
Psychiatric semiology & cinema	2		
Face : expression, exploration, reconstruction	2		
Concerns about vaccines: how to use scientific evidence to convince the sceptics	2		
Positron emission tomography/tomodensitometry in Oncology	2		
One image, one sign, one diagnosis	2		

LISTE DES STAGES	
<p>Addictions, Pathological Anatomy, Anaesthesiology, Bacteriology, Cardiology, Pain center, Thyroid & General Surgery, Orthopaedics & Traumatology Surgery, Cardiac Surgery, Reconstructive Burn Surgery, Digestive & Visceral Surgery, Maxillofacial Surgery, Thoracic Surgery, Vascular Surgery, Plastic Surgery, Dermatology, Diabetology, Digestive Endoscopy unit, Endocrinology, Endocrinology & Metabolism, Thyroid Endocrinology, Geriatrics, Geriatric Orthopaedics, Ambulatory Geriatrics, Geriatric Neurology & Cardiology, Haematology, Hepatic Gastroenterology, Gastroenterology, Hepatology, Nuclear medicine, Metabolic Medicine, Infectious diseases, Internal medicine, Neonatology, Nephrology, Nutrition, Neurology, Neurology : cerebral & vascular emergency, Neurology & rehabilitation, Neuro Oncology, Kidney Transplant, Oncology, Otorhinolaryngology, Ophthalmology, Orthopaedics, Parasitology- Mycology, Pulmonology, Paediatrics: Orthopaedics Surgery, Paediatrics: Visceral Surgery, Paediatrics: Nephrology, Paediatrics: Haematology, Paediatrics: Neurology, Paediatrics: Pulmonology, Paediatrics: Radiology, Paediatrics: Rehabilitation, Paediatrics: Nutrition & HGE, Paediatrics: Emergency unit, Psychiatrics Adults, Psychiatrics Children, Radiology, Neuro Radiology, Radiotherapy & Oncology (6th year students only), Resuscitation Unit, Cardiac Surgery Resuscitation Unit, Resuscitation/Anaesthesia, Neuro Surgery Resuscitation, Rehabilitation: Neurology/Urology, Rehabilitation: Neurology/Orthopaedics , Rheumatology, Emergency unit, Urology, Virology.</p>	
Laboratory internships (not paid by hospital!): Bacteriology, Infectious diseases, Myology	
Internship information	Calendar 2023/2024:
<p>For 2nd semester mobility, you can do up to 4 internships. 3rd internship: 26/02 - 19/05 (8 ECTS) 4th internship: 20/05 - 30/06 (4 ECTS) 5th internship : 01/07 - 28/07 (3 ECTS) 6th internship : 29/07 - 25/08 (3 ECTS) For each request of internship, please indicate 2 choices.</p>	<p>3rd year: 11/09 - 22/12 (1st semester), 08/01 - 28/06 (2nd semester) 4th year: 18/09 -19/01 (1st semester), 22/01 - 5/07 (2nd semester) 5th year:11/09 - 2/02 (1st semester) Christmas break for courses (23/12/2023 - 08/01/2024) not for internships! 1 week off is authorised for each internship.</p>
General information	
<p>All courses take place in the afternoon. All internships take place in the morning. All courses are available online. To obtain ECTS for a course, you should obtain 10/20 at the final exam. To obtain ECTS for internship, you should obtain a certificate of attendance from your tutor.</p>	

1 month = 100 h = 3 ECTS

 MÉDECINE SORBONNE UNIVERSITÉ 		Courses & internships for exchange students Last update : 07/03/2023		
1st semester 2023-2024				
Course	Study year	ECTS	Hours	
Bacteriology and Antibiotics	3	2	19h30	
Parasitology - Mycology	3	2	15h	
Virology	3	2	23h	
Cardiology	3	3	18h	
Pulmonology	3	3	18h	
Dermatology	3	2	9h	
Neurology	3	3	24h	
Hepatic-Gastroenterology	3	3	24h	
Infectious and transmissible diseases - health risks	4	6	35h	
Occupational health, legal medicine	4	2	11h	
Emergency Medicine - Intensive care and Anesthesiology	4	5	27h	
Rheumatology	4	4	21h	
Orthopaedics	4	3	13h30	
Gynaecology-Obstetrics	4	5	35h	
Urology	4	3	16h	
Nephrology	4	4	18h	
Psychiatrics	5	5	34h	
Pediatrics	5	5	27h	

Internal medicine	5	4	15h	
Geriatrics	5	4	14h	
Oncology	5	4	18h	
Hematology	5	4	22h30	
UE Libres				
Osteopathy		2		
Technological innovations in Surgery		2		
Alternative medicine		2		
Organ donation, transplantation		2		
Advanced medical imaging		2		
Body-spirit techniques in traditional Chinese medicine		2
